

**Yellow Room**  
**Gina C, Annie, and Flor**  
**Activities for the week of 05/04/2020**

**Activity 1:** Song

**Learning Objectives:** Language Development and Gross Motor Skills

**Materials:** The Wiggles – Fruit Salad

**Activity 2:** Story

**Learning Objectives:** Language Development

**Materials:** Eating the Alphabet Fruits & Vegetables from A to Z by Lois Ehlert

**Activity 3:** Making Fruit Salad

**Learning Objectives:** Language Development, Fine Motor Skills, Math, and Science

**Materials:** Variety of fruits (what ever is available), Bowls, plastic forks, and spoons

**Activity Description:**

- Get a variety of fruits (what's available) and wash them well with your children.
- Talk with your children about the different types of fruits (Names of fruits, color, shape, and texture).
- Adults, cut fruits into large pieces or slices.
- If available and with Adult supervision, have the children cut big pieces/slices of fruits into small bite size pieces with a plastic fork.
- Once everything is cut, mix it all up with a spoon and ENJOY!

~ Families, if you don't have plastic forks available, just cut/slice the fruits and let the children mix it up.

**Activity 4:** Family Scavenger Hunt

**Learning Objectives:** Gross Motor Skills, Fine Motor Skills, Spatial Awareness, Critical Thinking, and Matching

**Materials:** Household items of your choice, paper, and writing utensils

**Activity Description:**

- Find household items that you wish you use to build your child's vocabulary and awareness.
- Trace the household items.

~ Feel free to get creative and trace larger items on larger paper and tape to an empty wall.

**Extension of Learning:**

Enjoy a family game night with the whole family and include a simplified version of the classic game Pictionary.
