

Classroom #4 Activity -1- Zoom.

Week of: 5/3/21

Mixing of water based colors

What your child will experience:

- Scientific inquiry
- Art Experiences
- Language development

Materials:

- Crayola watercolors set with brush.
- Easel paper

Steps:

- Introduce materials to children
- Children will explore watercolors on their own
- Parents will describe and imitate children actions
- Parents will prove new language for children for example, mixing, blending, dripping.
